📍 Athikalam, Thekkekara P.O, Champakkulam, Alappuzha, Kerala - 688503

Profile

Motivated Computer Engineering student with foundational knowledge in programming, web development, software testing, and basic AI concepts, eager to learn, apply skills, and grow through real-world projects in the IT industry.

Skills

Programming: C | Java | Python | SQL
Web & Markup: HTML | CSS |
Tools & Concepts: GitHub| VS Code | Overleaf | MS Word | Excel | PowerPoint

Strengths

Quick Learner | Adaptable | Hardworking | Self-Disciplined | Positive Attitude

Areas of Interest

Artificial Intelligence | Web Development | Software Testing | Data Science

Internships

Techgentsia Software Technologies Pvt. Ltd.   02/06/2025 – 27/06/2025

Web Development Intern

- Developed UI modules and contributed to frontend integration tasks.

Unique World Robotics   01/07/2024 – 05/07/2024

AI and Robotics Intern

- Built and tested AI-driven robotic modules; hands-on ML and automation.

Qnayds LLP   07/03/2023 – 11/03/2023

Data Science Intern

- Worked on analytics workflows and exploratory data analysis.

Education

Amal Jyothi College of Engineering   2022 – 2026
                                                      CGPA: 8.56/10 (till Sem VI)

B.Tech CSE

Good Shepherd Public School (CBSE)   2020 – 2022
                                                      93.4%

Class XII – Science with Mathematics

Matha Senior Secondary School (CBSE)   2019 – 2020
                                                      88.4%

Class X

Project Work

- **Samridhi Agriculture Platform (2025):** Pre-booking web platform for agricultural inputs with AI-powered crop guidance integrating IKS insights.
- **AYURON: ML Based COPD Detection and Holistic Respiratory Care:** AI-powered COPD screening app using spectrograms and ML models to classify disease severity and provide Ayurvedic recommendations for holistic care.

Achievements & Conferences

- **NACORE 2025:** Presented paper on applications using traditional farming practices.
- **NASA Space Apps Challenge 2024:** Participated in global hackathon.
- **Smart India Hackathon 2024:** Shortlisted finalist; Certificate of Appreciation.

Courses & Certifications

- React.js Crash Course (Udemy)
- NPTEL: Data Structures & Algorithms using Java
- IBM SkillsBuild 2025 – AI Agent Architect
- Oracle Cloud Infrastructure 2025 – AI Foundations Associate
- Introduction to Software Testing / Software QA (Udemy)
